EXPERIENCE

A2SV | Africa to Silicon Valley— Student-Trainee

Sep 2024- Present

A2SV is a 13 month training program that focuses on data structures and algorithms, communication skills, and personal development.

Ethronics, Institute of Robotics and Autonomous Systems Ethiopia— Software Engineer Intern

June 2024 - Sep 2024

Focused on backend development using Express.js and PostgreSQL. Gained hands-on experience in building RESTful APIs, managing databases, and optimizing server-side performance.

EDUCATION

Bahir Dar University, BSc.

Oct 2017 - Aug 2021

Graduated in Software Engineering from Bahir Dar University.

A2SV | Africa to Silicon Valley

Jan 2024 - Sep 2024

Participated in the A2SV program, where I gained my skills in data structures and algorithms. Engaged in competitive programming and problem-solving.

PROJECTS

Rental-website

[Github](#)

It is a rental website that will work as a third party between the tenant and the homeowner. It eliminates brokers.

Wallpaper App

[Github](#)

React Native app that makes users' phones look attractive using Habeshan images.

TECHNICAL SKILLS
